

# ASTRONOMY DAYS - SATURDAY OCTOBER 12

	Edwin Hubble Room	Vera Rubin Room	Galileo Galilei Room
12.15 - 13.00	<b>Les folles histoires de l'exploration du ciel</b> Frederic Conrotte - Science Communicator at the Luxembourg Science Center		
13.15 - 14.00		<b>Sternenbilder durch die Jahreszeit</b> Michael Luy - Sternwarte Trier	<b>Astrophoto - Trucage ou réel ?</b> Julien Laigle - Médiateur Scientifique au Luxembourg Science Center
14.15 - 15.00	<b>Les découvertes du télescope James Webb</b> Marianne Bausch-Koenig - Docteur en physique	<b>Galaxien und Nebel</b> Thorsten Penth - Sternwarte Trier	<b>Leuchtende Stille - Wenn die Sterne funkeln</b> Daniel Gliedner - Lichtberater im Naturpark Our
15.15 - 16.00	<b>The wild stories of sky exploration</b> Frederic Conrotte - Science Communicator at the Luxembourg Science Center		
16.15 - 17.00	<b>Die Entdeckungen des James-Webb-Teleskops</b> Marianne Bausch-Koenig - Doktor der Physik	<b>Sternenbilder durch die Jahreszeit</b> Michael Luy - Sternwarte Trier	<b>Silence lumineux - Etoiles scintillantes</b> Daniel Gliedner - Conseiller en éclairage au Naturpark Our
17.15 - 18.00		<b>Galaxien und Nebel</b> Thorsten Penth - Sternwarte Trier	<b>Astrofotografie - Trickseriei oder echt ?</b> Julien Laigle - Wissenschaftsvermittler im Luxembourg Science Center

# ASTRONOMY DAYS - SUNDAY OCTOBER 13

	Edwin Hubble Room	Vera Rubin Room	Galileo Galilei Room
12.15 - 13.00	<b>Les folles histoires de l'exploration du ciel</b> Frederic Conrotte - Médiateur scientifique au Luxembourg Science Center		<b>Sternenbilder durch die Jahreszeit</b> Michael Luy - Sternwarte Trier
13.15 - 14.00	<b>Probing the invisible Universe with Euclid</b> Dr Dominique Sluse - Faculty of Science Liège University - Astrophysics Department		<b>Silence lumineux - Etoiles scintillantes</b> Daniel Gliedner - Conseiller en éclairage au Naturpark Our
14.15 - 15.00	<b>The discoveries of the James Webb telescope</b> Marianne Bausch-Koenig - Doctor in physics	<b>Die geheimnisse des Mondes</b> Timon Schild - PhD Candidate ESRIC	
15.15 - 16.00	<b>Galaxien und Nebel</b> Thorsten Penth - Sternwarte Trier		<b>Silence lumineux - Etoiles scintillantes</b> Daniel Gliedner - Conseiller en éclairage au Naturpark Our
16.15 - 17.00	<b>Die Entdeckungen des James-Webb-Teleskops</b> Marianne Bausch-Koenig - Doktor der Physik	<b>Sonder l'univers invisible avec Euclid</b> Dr Dominique Sluse - Faculté des Sciences Université de Liège - Dépt Astrophysique	<b>Astrophoto - Trucage ou réel ?</b> Julien Laigle - Médiateur Scientifique au Luxembourg Science Center
17.15 - 18.00	<b>Galaxien und Nebel</b> Thorsten Penth - Sternwarte Trier	<b>Les secrets de la lune</b> Timon Schild - Chercheur doctorant ESRIC	<b>Sternenbilder durch die Jahreszeit</b> Michael Luy - Sternwarte Trier

# ASTRONOMY DAYS - ACTIVITIES OCTOBER 12 & 13

## Exploration Room

- 11.00 - 11.45 Show : Particules cosmiques (FR)
- 12.15 - 13.00 "Kids Corner" Activity
- 13.15 - 14.00 Drawing contest
- 15.15 - 16.00 "Kids Corner" Activity
- 16.15 - 17.00 Drawing contest

## Virtual Reality

- 11.00 - 18.00 Continuous session

## Planetarium

- 11.00 - 18.00 Open access

## Sun Observation\*

- 11.00 - 18.00 Continuous session

*\*Weather conditions permitting*

## Booths

### ASTEROID FOUNDATION

Asteroid Foundation's goal is to promote worldwide awareness, understanding, and education about asteroid opportunities and risks and the emerging space economy.

La Grande Ourse is a french association based in Thionville and enables amateur astronomers to share their passion for astronomy and to exchange views on a range of astronomy-related subjects, including practice, theory, acquisition techniques and image processing.
